SUMMARY

Software Developer with 3.9 years of experience building scalable web applications using React.js, TypeScript and JavaScript (ES6+). Strong expertise in React hooks, component lifecycle, and state management. Experienced in REST API integration, real-time systems, and performance optimization. Familiar with AWS, Docker, and CI/CD pipelines. Focused on delivering responsive, user-centric, and high-performance applications.

SKILLS

Frontend / UI	ReactJS, JavaScript (ES6+), TypeScript, NextJS, HTML5, CSS3, TailWind CSS
Backend	Python (Basic), Node.js
React Expertise	React Hooks, Component Lifecycle, React Redux, Context API, AG Grid
API Integration	RESTful APIs, WebSockets
Database	MySQL, PostgreSQL
Data / Analytics	Power BI (Basic), Data Visualization
DevOps / Cloud	AWS (S3, EC2, CI/CD), Docker
Tools	Webpack, GitHub, Figma, Vercel, VS Code, Postman, Ant Design, Material UI
Project Managemet Tool	Jira, ClickUp
AI Tool	ChatGPT, Claude, GitHub Copilot, Google Gemini

EXPERIENCE

Senior Fronted Developer - ReactJS

Nov 2025 – Jun 2026

FAMREC Memory Pvt. Ltd. (Remote)

Navi Mumbai, India

- Developed and maintained scalable web application features for the FAMREC Memories platform using React.js and modern frontend technologies.
- Designed and implemented secure user modules including Login/Signup, Profile Management, and Family Tree functionality for enhanced user engagement.
- Built responsive UI components for memory storage features including Albums, Photos, Videos, and File Management systems.
- Integrated real-time chat functionality with secure communication workflows and optimized frontend performance for smooth user experience.
- Collaborated with UI/UX and backend teams to deliver responsive, user-friendly, and performance-optimized applications.

Software Developer

Sep 2022 – Oct 2025

Teknobuilt Solutions Pvt. Ltd. (Remote)

Navi Mumbai, India

- Built scalable, reusable React components using hooks and modern CSS, improving development efficiency by **30%** and enhancing mobile usability by **40%**.
- Integrated REST APIs and optimized state management, reducing page load time by **35%** and enabling real-time, data-driven features.
- Deployed and maintained applications using AWS, Docker, and CI/CD pipelines, improving deployment efficiency and system reliability.

PROFESSIONAL PROJECTS

- FAMREC – Secure digital platform for store memories (FAMREC Memories).**
- PACE OS – Enterprise Construction Management System (Teknobuilt).**
- Control Tower – Real-Time Resource Monitoring Platform (Teknobuilt).**

PERSONAL PROJECTS

- **IndiTalk AI** — AI-powered chat application built with React, Vite, and Google GenAI featuring voice-to-text, text-to-speech, and modern glassmorphism UI. ([Live](#))
- **Personal Portfolio** — A modern, responsive portfolio built with React JS, CSS, Material UI, and EmailJS. Includes animations, smooth UI interactions, and a clean minimal design. ([Live](#))
- **Crypto-Tracker** — Interactive crypto dashboard with real-time data visualization using ReactJS, Material UI, and ChartJS. ([Live](#))
- **Weather Forecast App** — Responsive weather application using OpenWeatherMap APIs with clean UI and optimized client-side rendering. ([Live](#))

EDUCATION

Full Stack Development Bootcamp, Newton School – Online 2021 – 2022

Completed an intensive full-stack development program focused on building production-ready web applications using JavaScript, React, and backend technologies. Gained hands-on experience in data structures, algorithms, REST API development, and modern frontend practices. Built multiple real-world projects with emphasis on performance optimization, clean code, and scalable architecture.

Bachelor of Computer Applications, CIMAGE College, Magadh University 2015 – 2018

Built a strong foundation in computer science fundamentals including data structures, algorithms, database management systems, and software engineering. Developed problem-solving skills and gained hands-on experience in web technologies and application development.

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Development Certification – Newton School ([Link](#))
- Business Intelligence using Power BI ([Link](#))
- Introduction to Artificial Intelligence ([Link](#))
- Generative AI Foundation Certificate ([Link](#))
- Deloitte Australia – Data Analytics Job Simulation (Forage) ([Link](#))

ADDITIONAL

- Experience with UI/UX collaboration using Figma
- Strong debugging, problem-solving, and communication skills
